

The logo features three concentric circles in shades of brown and gold, centered on a dark navy blue background. The text 'Keystone Intelligence' is centered within these circles. 'Keystone' is in a white serif font, and 'Intelligence' is in a gold script font.

Keystone *Intelligence*

AI Consultancy for Irish Business

BRAND GUIDELINES

Version 1.0 · 2026 · Confidential

keystoneintelligencegroup.com

WHO WE ARE

Operators first. *Advisors second.*

Keystone Intelligence Group is an Irish AI consultancy that goes into businesses turning over €1M–€50M and builds AI workflows that increase revenue, cut costs, and protect margin.

The partners behind Keystone are business owners — plural. Across waste management, financial services, healthcare, construction, and professional services. AI was applied internally across every one of those businesses before a single external engagement. The systems work. The numbers prove it. That is the only reason Keystone exists.

Our average client sees a 3× annual saving on implementation cost. Every engagement is fixed price. Every scope is agreed in writing before it starts. No retainers, no six-month consultancy cycles, no surprises.

THE WORDMARK

Keystone
Intelligence

Keystone
Intelligence

HUB VARIANT

Keystone *Intelligence* · Hub

DO

- ✓ "Keystone" regular weight, "Intelligence" gold italic
- ✓ All-caps KEYSTONE INTELLIGENCE in UI topbars
- ✓ Wordmark on dark (ink) or light (surface) backgrounds
- ✓ Maintain clear space of at least 1× cap-height on all sides

DON'T

- ✗ Use a standalone icon or symbol as the logo
- ✗ Stretch, compress, or skew the wordmark
- ✗ Place on busy photo backgrounds
- ✗ Use forest green, teal, or blue-green colours
- ✗ Use "Hibernia" colours with this wordmark

PRIMARY PALETTE

USAGE NOTES

Primary dark palette: Near-Black #0D0D12 + Keystone Gold for the public website and marketing materials.

Internal hub surfaces: Off-White #F6F6F8 for data-dense application surfaces. Topbar remains #0D0D12.

Backgrounds: Add a subtle gold radial glow: `rgba(196,154,60,0.06)` at centre of dark sections.

Do NOT use: Forest green (#1A3C34), teal, or any blue-green — these are legacy Hibernia AI colours.

VOICE PRINCIPLES

Direct

Operator-to-operator. No hype, no jargon. Short declarative sentences.

Honest

If you're not the right fit, we'll tell you that on the first call. Before any money changes hands.

Numerical

Numbers over adjectives. Not 'significant savings' — '3× annual saving'. Not 'fast' — 'four weeks'.

Italic for emphasis

Gold italic in headings marks a brand moment. Use it sparingly to preserve impact.

WRITE THIS

- ✓ Fixed price. One call.
- ✓ We'll tell you honestly if AI isn't right for you.
- ✓ 3× annual saving on implementation cost.
- ✓ Four weeks. Live on real data.
- ✓ We build it. We don't just advise.

NOT THIS

- ✗ 'Affordable AI solutions tailored to your needs'
- ✗ 'We leverage cutting-edge AI technology'
- ✗ 'Significant return on investment'
- ✗ 'Rapid, scalable, enterprise-grade deployment'
- ✗ 'A strategic AI transformation roadmap'

NEVER USE

cutting-edge

revolutionary

AI-powered solution

leverage

synergy

disruptive

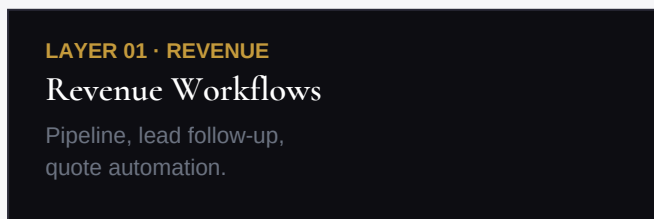

seamless

robust

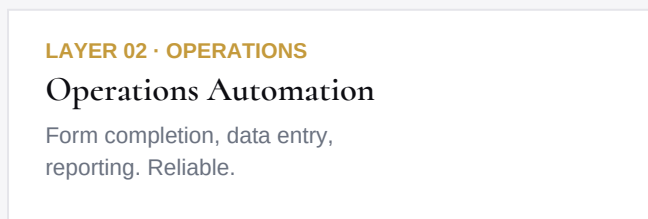

scalable

best-in-class

CARDS

Dark card · 12px radius · `rgba(255,255,255,0.08)` border

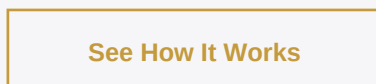

Light card · 12px radius · `#E5E5EA` border · gold on hover

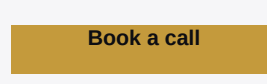

BUTTONS

Primary: gold bg, white text, 4–6px radius

Outline: 1px gold border, gold text

Nav pill: gold bg, dark text

SECTION LABELS (EYEBROW TEXT)

THE PROCESS

Four steps. Stop at any one.

Small uppercase Inter 700 in gold, 8–10pt, letter-spacing 0.1em, sits directly above the heading.

PROOF POINTS / STATS

3×

Average annual saving

€1K–€20K

Build cost

4 weeks

To live

100%

Fixed price

SPACING SYSTEM

	8px	Base unit — minimum spacing, icon gaps
	16px	Tight — between related elements
	24px	Standard — card padding top/bottom
	32px	Comfortable — card padding, form sections
	48px	Section gap — between content blocks
	80px	Section padding — vertical section spacing
	96px	Section padding — large screens

LAYOUT RULES

Max content width:	~1200px (72rem) — centred on wide screens
Page margin:	Min 24px mobile, 48px tablet, 80px desktop
Border radius:	12px large cards, 6px data/UI cards, 4px buttons
Grid:	3-column for feature cards, 4-column for stats, 2-column for founders
Border weight:	1px for all UI borders. 2px for gold accent rules under h1

DO NOT

- ✗ Large rounded icon boxes above every heading ('screams template')
- ✗ Left-stripe hover on cards — use full-border hover (gold tint) instead
- ✗ Gradient borders or rainbow accents
- ✗ Drop shadows that look like Material Design (keep shadows very subtle or none)
- ✗ Stock photography — if images are needed, use abstract/operational imagery
- ✗ Forest green (#1A3C34), teal, or any blue-green — legacy Hibernia AI palette
